Rules: •Except as may be noted elsewhere, the 2023 – 2024 National Federation Swimming and Diving Rules will apply

Swimming Format:

- Standard High School swimming events in a Championship format, i. e. Preliminaries and Finals
- The Preliminary Session will be seeded by time and gender, slowest to fastest without regard to UIL Classification
- The Finals Session will be seeded and scored by Division (UIL Classification) as noted just below:
 - Class 4A Consolation and Championship Heats)
 - Class 5A Consolation and Championship Heats) **Individual Events – EXCEPT the 500-yard Freestyle**
 - Class 6A Consolation and Championship Heats)
 - Class 4A Championship Heat)
 - Class 5A Championship Heat) **Relay Events and 500-yard Freestyle**
 - Class 6A Championship Heat)
- The Federation Whistle Start and No Recall False Start Procedures will be in use at this meet
- Fly-over starts will be utilized **ONLY** in the preliminary sessions - please see the **Fly-over Starts** section below

Fly-over Starts:

- In the preliminary sessions **ONLY**, fly-over starts will be utilized for most individual events
 - Exceptions:** 500 Freestyle / Backstroke / Relays
- The purpose of fly-over starts is to conserve time and to establish and maintain meet momentum
- Under ideal conditions and with appropriate cooperation from the athletes, intervals between races can be held to a nominal 25 seconds
- The conditions required:
 - As swimmers finish their race, they **MUST stay in the water** and close to the wall as the next heat is started over their heads
 - A failure to conform to this requirement can very easily create potentially dangerous situations
 - As soon as the outgoing race is in the water – **but not before** - the just finished swimmers must promptly exit the pool
- The procedure:
 - When the finishing race is approximately five meters from the wall, the Deck Referee will sound the short whistles, which alerts the next heat to be immediately ready to mount the blocks
 - When the last swimmer in the incoming heat is about to touch the wall, the Deck Referee will sound the long whistle and all swimmers **MUST IMMEDIATELY** mount the blocks and prepare for a start
 - As soon as the Deck Referee is satisfied the pool is clear and all is in readiness, her / his arm will be extended and the Starter will give the “Take your mark” Command
 - The same process is then repeated for each additional heat
 - Intervals between events are similarly managed, i.e., there will be no delays, exceptions noted above
- Because this procedure is time sensitive with few or no delays, upcoming swimmers must anticipate their next race, have caps and goggles in place, be properly situated behind their blocks and be immediately ready to mount the blocks on hearing the long whistle
- If careful attention is not given to the situation at hand, swimmers can very easily be late for their race and be disqualified for delay – or - miss their race entirely
